

Exception

```
classDiagram
    class Exception
    class RappError["src.rapp_exceptions.RappError"]
    RappError --|> Exception
```

The diagram illustrates a class hierarchy. At the top is a white box labeled 'Exception'. Below it is a gray box labeled 'src.rapp\_exceptions.RappError'. A blue arrow points from the 'RappError' box up to the 'Exception' box, indicating that 'RappError' inherits from 'Exception'.

src.rapp\_exceptions.Rapp
